

# Tic Tac Toe Relay

Respect & Community  
Duty  
Honor

Optimism  
Fairness

## Group Size:

9+ participants

## Materials:

- \*9 Hula Hoops; set up as a tic tac toe board
- \*6 Placement Markers of 2 different colors — bean bags, yarn balls, scarves, cones, etc.
- \*Cones to designate starting point

## Objective & Purpose:

- \* Members will compete in a relay game with their fellow group members in order to achieve a goal.
- \* Members will see how positive attitudes have an effect on those around them.

## Activity:

- The game is played 3 versus 3.
- Each student will have one placement marker.
- On 'GO' the first person from each team will run down to the tic tac toe board and place their marker in one of the open hula hoops.
- After they place the marker, they will race back to their line to high five the next student in line.
- The next student will place their marker in an open hoop, race back to high five the third person in line for them to place their marker.
- If all three markers have been placed and there is no tic tac toe, the next student in line will run down and move one of their own teams markers into an open hula hoop.  
— There is never a 'cats game.' After all three players have a turn, the game continues until one team makes a tic tac toe.
- The first team to get three in a row (horizontally, vertically, or diagonally) wins!
- The rest of the students will stand in line behind the hula hoops.
- After the game is over, the winning team will stay and play again.
- The next three students in line will come on to challenge the winning team.
- The game will continue to cycle through until everyone has played or time runs out.

### Notes:

- \* You can have multiple games going at a time.
- \* The players standing in line can be the judges of the game.
- \* Switch up the game by creating obstacles, having 3 legged races, crab walks to the board game, or any creative ideas.
